Dear Commission Members,

As Mayor of the City of Tuscaloosa, I am happy to support the Druid City Brewing Company (DCBC) as they apply for licensing to sell off-premise. DCBC has been a positive addition to our community and since opening in November of 2012, has become a craft beer leader in our area.

I am in favor of allowing the Druid City Brewing Company to sell its beer off-premise in both growlers and packages. The increased revenue will allow DCBC to add jobs to our local workforce and potentially increase tourism in the Tuscaloosa area, both of which would have a positive economic impact.

Again, the Druid City Brewing Company has been an outstanding addition to the City, and I hope for continued success and longevity. I fully support the Druid City Brewing Company to be allowed to sell its beer off-premise in both growlers and packages. Thank you for your time and attention towards this matter.

Sincerely,

Walter Maddox  
Mayor
