What are the issues that affect your business/industry relative to the three tier system?

We would like to sell beer to go from our premises - specifically growlers.

What solutions would you suggest to solve the issues you identified?

Allow a brewery to sell a limited amount of beer to go.

Are there any specific issues relative to licensing that should be addressed in the law?

Creating a "craft brewer license" might simplify our issue and address specific concerns in the most efficient manner.
