Please provide your specific thoughts on the following questions and use additional paper if necessary:

What are the issues that affect your business/industry relative to the three tier system?

The Boys + Girls clubs of South Alabama
rely on the support of Budweiser Busch.

What solutions would you suggest to solve the issues you identified?

I urge members to avoid taking an action
that could result in damaging a system
that has been effective, provides local jobs
and takes an active interest in the community.

Are there any specific issues relative to licensing that should be addressed in the law?

Any action that would open the door to multi-
national brewers to replace local wholesalers
would negatively impact the community,
its citizens and many of the charitable
organizations that support those most
in need.
